Internet Explorer 7 security restrictions

Depending on your browser version, you may be shown the following message:

"To help protect your security, Internet Explorer has restricted this webpage from running scripts or ActiveX controls that could access your computer. Click here for options..."

To temporarily disable this, choose *"Allow Blocked Content..."* then *"Yes"*.

To permanently stop the Information bar from blocking file and software downloads

- 1) Open Internet Explorer.
 - 2) Click the Tools button, and then click Internet Options.
 - 3) Click the Security tab, and then click Custom level.
 - 4) Do one or both of the following:
 - a. To turn off the Information bar for file downloads, scroll to the Downloads section of the list, and then, under Automatic prompting for file downloads, click Enable.
 - b. To turn off the Information bar for ActiveX controls, scroll to the ActiveX controls and plug-ins section of the list, and then, under Automatic prompting for ActiveX controls, click Enable.
 - 5) Click OK, click Yes to confirm that you want to make the change, and then click OK again.
